### English

## PROFILE

Personable and professional Restaurant Server with 7 years of experience in fast casual, and fine dining settings. Extensive knowledge of wine and food pairings with a specialization in French cuisine.

## EMPLOYMENT HISTORY

### Catering Server, Catering Caps

12 months

As a Catering Server I assisted in the preparation of 50 meals per week. Developed food pairings from 1000 different food companies. Dishes in French can be utilized at any time. My role involved preparing all dishes:

- Preparing, marinating, and cooking various food items correctly
- Organizing dishes while working balancing teams
- Maintaining proper identification for 20+ guests
- Serving wine, beer, and spirits
- Assuring patrons, giving specific instructions to server requests and food allergies

### Head Server, Chez Pierre

12 months

As the Head Server I maintained 8-10 tables per shift in a fine dining French restaurant. My day-to-day responsibilities included:

- Assuring guests that prompt and courteous manner
- Making certain there is no waste when preparing the menu or main course offerings on time
- Making suggestions on food and wine pairings, taking into account other preferences
- Ensuring servers have their shifts prepared per the specific guidelines
- Managing inventory based on sales as well as a cost analysis and quantity. Ordering supplies from the store and Reebill
- Communicating with staff during dinner time including training新人

## Ellen. C Harret

Hospitality Server

### Summary

- Personable and professional Restaurant Server with 7 years of experience in fast casual, and fine dining settings.
- Extensive knowledge of wine and food pairings with a specialization in French cuisine.

### EDUCATION

- Honors B.Sc. in Electrical Engineering, University of Waterloo, 2008
- Partially completed M.S. in Automation Engineering Process Control, University of Waterloo (currently in process)

### MY COMPETITIVE ADVANTAGE – SERVICE

- Automation Control Engineer by educational background with solid practical knowledge of Electrical Circuits and Programming Concepts.
- Well versed with multiple coding environments and technologies, Allen Bradley RSLogix, WonderWare, VB, C#, Matlab, GE Proficy iFix, MS SQL Server, Oracle PL/SQL, HTML, ASP.NET, OPC, Excel VBA.
- Developed multiple control systems and interfaces to support legacy systems. Process data collection and integration into level 1, level 2 and level 3 systems.
- Developed advanced control algorithms, multi-variable control, and advanced alarm conditions.
- Experience developing custom vision software and control algorithms for EAF control.
- Strong statistics, data analysis, simulation, control design, optimization background in all areas of manufacturing.

### INDUSTRIAL WORK EXPERIENCE

#### Chez Pierre

Jan 2012 – Present

#### French Restaurant

#### Head Server

#### Responsibilities:

- Greeting guests in a prompt and courteous manner.
- Taking orders from patrons, often memorizing the orders if there were 5 patrons or less.
